Well, to be honest, he does have a lot of practice at that.

Bill Schmalfeldt is a big, fat, bald pussy. If he weren't so old, TK would probably take a sexual interest in him.

At this point, the only thing he has a right to is a LONG dirt nap. I'd like to see him exercise that right.

I feel a small amount of satisfaction that Bill continues to prove he is such vile scum. But this is overcome by my disgust at his lies, contradictions, and evasions.

The world will be a better place when Bill Schmalfeldt leaves it.
